

Extra mission: when to sell the loot?

Bitcoin Price since 2010 (in British Pounds £)

If the **VIKINGS** manage to find the 10,000 Bitcoins, how much would they get if they sell it straight away?

(In June 2014, the price was £383 per bitcoin)

£

When do you think they would be best selling them to get the most money?

Can you work out roughly how much money they would get?

MONTH / YEAR

£
